ACHS J.V.'s Work Hard For Opening Season

The Appomattox County High School JV football team has been practicing for their new season soon to begin. While under the watchful eye of Coach "Coty" Dickerson and his assistant, Tom Forest, the team is working on fundamentals and all phases of discipline.

This year a total of 45 boys came out, while only 13 are returning from last year's team.

Dickerson is counting heavily on his returning players while even his new comers have good potential and will be of great help to the team.

The players returning from last year are as follows: Ron Abernathy, Don Parris, Andrew Kelso, Chris Johnson, Tim Page, Tim Martin, Bill Vaughan, David Harvey, Ronnie Hodnett, Scott Paulette, Bud Rosser, and Jay Ferguson.

Newcomers to the team are John Foxwell, J. D. Doss, Frankie Tanner, Tony Ferguson, Kevin O'Brien, Larry White, Jimmy Baxter, Dwayne Scruggs, David Straiton, Ernie Chenault, Tivey Booker, Jerry Mitchell, Myron McCoy, Donnie Abernathy, Walter Kelso, Gary Moore, Godfrey Mosley, Gary Campbell, S. L. Ferguson, Andy Poole, Larry Kelso, Paul Krajewski and Tim Davidson.

As you can see there are a lot of new players and a lot of work to be done. Dickerson says that he has enough time left to get the team ready, with the biggest question mark being that off selecting a Q.B. Working out for Q.B. are Lynwood Elliot, Byron Roach, and Clark McQuire.

As of yet, players have not been assigned positions. Dickerson is proud of the work these players have shown during practice and hopes for a good season. Outlook for the team, Dickerson stated, is very good.

CROP PRODUCTION HIGHLIGHTS

Corn production is forecast at a record 5,850 million bushels based on conditions as of August 1, 3 percent (196 million bushels) below July 1, but 26 percent above 1974.

Sorghum grain production is forecast at 811 million bushels, 29 percent above last year.

Feed grain production (corn, sorghum, oats and barley combined) is forecast at 207 million short tons, 25 percent more than last year.

All wheat production is a record 2,141 million bushels, 19 percent more than last year's record crop, but 2 percent (47 million bushels) below last month's forecast. Durum prospects declined 6 percent during July and other spring wheat declined 9 percent, while winter wheat changed little.

Food grain production (wheat, rye and rice combined) is expected to total 71 million short tons, 18 percent more than in 1974.

Soybean production, placed at 1,458 million bushels in this first forecast of the 1975 crop, is 18 percent more than the 1974 out-turn.

All cotton production is forecast at 9.4 million bales, 18 percent below 1974 and 27 percent below 1973. Yield per harvested acre at 484 pounds is 42 pounds above 1974.

Oilseed production (soybeans, cottonseed, peanuts and flaxseed combined) is forecast at 50 million short tons, 14 percent more than last year.

All tobacco is forecast at 2,220 million pounds, 12 percent above 1974. Flue-cured crop of 1,449 million pounds is up 17 percent and the largest crop produced in 20 years. Burley out-put, at 639 million pounds, is 4 percent higher than a year earlier.

Sugar crops -- sugarbeets prospects, at 28.1 million short tons, are up 27 percent from the previous year. Sugarcane forecast of 28.5 million short tons is 14 percent above 1974.

Appomattox County High School Homeroom Rolls

Freshman Class Homeroom Rolls - 1975-76 - Boys
